## ...Make a Difference!

The Manitowoc County Historical Society is committed to utilizing the knowledge and talents of our community to support our mission. Volunteers serve as a critical component of our educational programs, research efforts, building and grounds maintenance, and operations. The volunteer program provides the structure and support to ensure a positive experience for our volunteers. For information on all of our great volunteer opportunities, call MCHS at (920) 684-4445.
